CERTIFIED – RETURN RECEIPT REQUESTED

Honorable Timothy Williams  
Chairman  
Fort Mojave Indian Tribe  
500 Merriman Avenue  
Needles, CA 92363-2299

Subject: Verification of 2013 Inadvertent Overrun Payback by the Fort Mojave Indian Tribe – California Reservation (Tribe)

Dear Chairman Williams:

Effective January 1, 2004, the Inadvertent Overrun and Payback Policy (IOPP) established requirements for payback of inadvertent overuse of Colorado River water by users in the Lower Division States. In calendar year 2011, the Tribe incurred an overrun in the amount of 155 acre-feet (af). In accordance with the IOPP, the Tribe submitted an IOPP Payback Plan (Payback Plan) in which the Tribe outlined a following program to pay back the full amount of the Tribe's 2011 overrun (155 af) in 2013. By letter dated December 31, 2012, the Bureau of Reclamation approved the Tribe's Payback Plan.

By letter dated February 24, 2014, the Tribe submitted a report (IOPP certification report) certifying the extraordinary conservation measure implemented by the Tribe in 2013 and the amount of Colorado River water conserved for purposes of meeting the Tribe's 2013 payback obligation. As outlined in the Tribe's IOPP certification report, the Tribe fallowed 48.5 acres in 2013 to conserve the required payback amount of 155 af.

The IOPP requires that Reclamation monitor implementation of the extraordinary conservation measures outlined in approved payback plans. Reclamation conducted independent field verification inspections in the spring, summer, and fall of 2013 and analyzed satellite imagery to verify the fallowing implemented by the Tribe. The findings of Reclamation's verification analysis are included in the enclosed report, *Fort Mojave Indian Tribe – California Reservation Inadvertent Overrun and Payback Policy 2013 Verification Report*.

The Inadvertent Overrun and Payback Technical Committee (IOPTC) met on April 10, 2014, to review the Tribe's 2013 IOPP certification report and to make a recommendation regarding the adequacy of the report in demonstrating the achieved payback amount. The IOPTC unanimously recommended the Tribe be credited with 155 af of payback for 2013.

Taking into consideration the recommendations provided by the IOPTC members, Reclamation's independent verification, and other information, I verify and make the final determination that the Tribe conserved 155 af of Colorado River water during 2013 as documented in the Tribe's 2013 IOPP certification report, and therefore credit the Tribe with this amount of payback for 2013. Applying the 155 af of payback credit extinguishes the Tribe's overrun payback obligation.

If you have questions, please contact Mr. Paul Matuska, Water Accounting and Verification Group Manager, at 702-293-8164 or [pmatuska@usbr.gov](mailto:pmatuska@usbr.gov).

Sincerely,

Terrance J. Fulp, Ph.D.  
Regional Director
